Om Gaikwad

PERSONAL PROFILE

I am a direct second-year engineering student specializing in Artificial Intelligence and Data Science (AI&DS), building on a strong foundation from my diploma in Information Technology. I am eager to apply my theoretical and technical knowledge in fields like programming (C, C++, Python), web development (HTML, CSS, JavaScript), and database management (SQL, DBMS). With experience in developing practical projects such as an image-to-PDF converter and a bank management system, I am looking for opportunities to deepen my expertise through internships and hands-on projects in AI and data science.

SKILLS

- **Programming: C/C++, Basic Java**
- **Web developing: HTML ,CSS**
- **DBMS: MYSQL**
- **Logic Development**
- **Basic Data Structures and Algorithms**

PROJECTS

Converto - An image to PDF convertor website

- It is website which takes image files from user and converts it into pdf and make available for download.

Bank management system

- It is a program created in C++ which allow to create new bank account ,adding data , searching account and deleting data based on account name.

Note Application

- It is a program/application created in Java which allows to create, edit, find and delete notes based on dates.

EDUCATION

New English School Ramanbaug   2020 - 2021
Secondary School
Percentage: 88.80%

Government Polytechnic Pune   2021-2024
Diploma in Information Technology
Percentage: 90%

DR.Dy patil engineering college pimpri   2024-present

B.E. in artificial intelligence
